

## DEPARTMENT OF THE NAVY

NAVAL AIR STATION JACKSONVILLE  
P. O. BOX 2  
JACKSONVILLE FLORIDA 32212-5000

### COMMANDING OFFICER'S POLICY STATEMENT ENVIRONMENTAL

Naval Air Station Jacksonville provides the premier platform for generating and projecting naval power from the shore. In support of this mission, Naval Air Station Jacksonville is committed to promoting sound, forward-leaning environmental policy, and practices, while collaborating with our communities and stakeholders to protect and improve the environment. Through programs that ensure environmental compliance with all federal, state, local regulations, and Navy policies and procedures, Naval Air Station Jacksonville will strive to prevent pollution, minimize the generation of wastes, promote safe work conditions, pursue sustainable mission practices inclusive of natural and cultural resources, and promote continual improvement within the Environmental Management System to ensure established environmental objectives and targets are met.

A handwritten signature in black ink, appearing to read "G. P. deWINDT", is positioned above the printed name.
