Encl: (1) Map of NASJAX Fishing Areas  
(2) Manatee Protection Zones  
(3) Map of OLF Whitehouse Hunting Areas  
(4) Map of Rodman Bombing Range Hunting Areas  
(5) Hunting Registration Document  
(6) Privacy Act Statement  
(7) Waiver of Liability Agreement  
(8) Volunteer Wildlife Manager Duties and Responsibilities

1. Purpose. This instruction establishes policy and procedures to comply with references (a) through (d) and promulgates hunting and fishing regulations and procedures on NASJAX including its outlying properties at Outlying Landing Field (OLF) Whitehouse and the Rodman Bombing Range to comply with reference (e). This instruction also establishes policy, assigns responsibilities, provides procedures for DoD-owned and accountable property and assists officials in understanding their roles and responsibilities to comply with references (f) and (g).

2. Cancellation. NASJAXINST 5090.10F.

3. Background. It is the policy of this command to support and promote natural resources management programs in order to receive the benefits that are available on a sustained yield basis. These programs are consistent with regulations of the U.S. Fish and Wildlife Service (FWS) the Florida Fish and Wildlife Conservation Commission (FWC), and other applicable federal and state laws governing the use of such resources, in particular references (a) through (e). Adequate enforcement measures shall be taken to ensure the conservation of the fish and wildlife resources under the stewardship of the Commanding Officer, NASJAX. Persons charged with administering the requirements in this instruction shall coordinate and cooperate with federal and state wildlife officials.

4. Requirements. The following requirements apply to hunting and fishing on NASJAX and its outlying parcel:

a. General

(1) Military personnel stationed in Florida are considered to be residents when purchasing state hunting and fishing licenses. Hunting and fishing licenses are available for sale at the Mulberry Cove Marina (Marina), Building 1072, located on NASJAX at the intersection of Ranger and Bluff Roads.

(2) Pursuant to reference (d) and the Sikes Act, 16 USC 670(a), NASJAX shall collect a permit fee of \$20.00 per season for hunting activities on OLF Whitehouse and Rodman Bombing Range. Station hunting permits are available for sale at the Marina. Fees will not be charged for senior citizens, children under 16 or the physically handicapped.

b. Fishing

(1) All persons fishing in Florida, except residents 65 years of age and older and children under the age of 15, must possess a valid Florida fishing license when fresh and/or saltwater fishing in the territorial boundaries of the State of Florida. Shrimping is considered to be "fishing" under this instruction.

(2) All Florida laws pertaining to fishing and taking of saltwater fish and seafood apply on this Station.

(3) Military personnel, their families and guests, reservists and civilian employees of the Station or tenant commands are authorized to fish in approved areas on Station.

(4) Approved fishing areas on the Station include:

(a) The St. Johns River bordering the installation except the installation's boathouse pier, seaplane ramps, the secured runway area and the wastewater treatment plant discharge area;

(b) Casa Linda Lake except the golf course side between 0800 and sunset;

(c) South and east side of Turtle Pond between 0800 and sunset;

(d) Fishing is allowed on the entire shoreline of Casa Linda Lake and Turtle Pond from sunset to 0800;

(e) Fisherman's Cove Pier #291 on Mulberry Cove, and Pier 2060 across from the Naval Hospital.

(5) No fishing is allowed on the boat ramp or piers at the Marina, the deck of the Mulberry Cove Nature Walk, or Lake Scotlis. Enclosure (1) provides a map of the fishing areas on the Station.

(6) Per the recommendation of FWS, the following restrictions apply:

(a) Gigs or snatch hooks are prohibited;

(b) Gill net fishing is prohibited;

(c) Daily game fish bag limits are five black bass minimum of 14 inches long with only one 22 inches or longer, six catfish, and 25 bream (bluegill, red ear sunfish, and spotted sunfish).

(7) Shrimping by cast net is permitted in the St. Johns River on installation's boundary. Shrimpers are prohibited from leaving shrimp heads, shrimp bait and shrimping gear on piers and seawalls. If used, food cans to

attract shrimp shall be tethered while shrimping and removed from river when shrimping is completed.

(8) Fishing is prohibited from motorized boats in the Manatee Protection Zones shown in enclosure (2).

(9) Fish caught in Casa Linda Lake and Turtle Pond shall be released (i.e. catch and release). Boats and swimming are not allowed in these areas.

(10) Persons fishing on the Station are responsible for their own safety. Littering is prohibited. All used fishing line and other debris must be properly removed. Fishing on Station is a privilege and persons not adhering to the requirements or restrictions of this instruction, or other applicable laws or regulations, will lose Station fishing privileges and may be subject to prosecution and penalties.

c. Hunting

(1) Hunting is permitted on OLF Whitehouse and the Rodman Bombing Range as specified in enclosures (3) and (4). Station Natural Resources Conservation Law Enforcement Officer (NRCLEO) and the Volunteer Wildlife Managers (VWM's) are responsible for enforcing regulations, checking credentials of program participants, and maintaining a harvest log. Scheduled hunting days on OLF Whitehouse and Rodman Range shall be published seasonally. Schedules shall be coordinated in accordance with NAS JAX Air Operations and Pinecastle Operations procedures, and will be posted on the NAS\_JAX\_HUNTING website. Daily operational updates will be posted on the NAS\_JAX\_HUNTING website. Information on how to access website is available at the Marina. The Commanding Officer can approve special wildlife population control hunts in areas normally closed to regular hunting; procedures for such hunts shall be approved separately.

(2) Active duty military, reservists, retired military, and current civilian employees with a Common Access Card are authorized to hunt in approved areas. Priority is given to active duty military, reservists, retired military and current civilian employees in that order. Authorized hunters are allowed to sponsor one guest at a time. Non-dependent guests are limited to 3 visits. Guests and dependents must possess the same hunter safety and archery cards as the authorized hunters and sign hunting waiver of liability prior to entering property. Guests and dependents under the age of 16 must be accompanied by a parent or legal guardian.

(3) Eligible applicants must complete the following requirements to hunt on OLF Whitehouse and Rodman Bombing Range:

(a) Possess a valid State of Florida hunting license;

(b) Possess a valid Station Hunting Permit;

(c) Complete an approved Hunter Education Course. This 16-hour class includes 12 classroom hours and 4 hours on the range. This is a one-time requirement; proof of completion in another state will qualify. A certificate will be issued to each successful hunter upon completion of class. Archery hunters must have successfully completed an advanced archery course. Hunters must show certificates of completion each season.

Information on these courses can be obtained by contacting the FWC or on-line at MyFWC.com.

(d) Complete a Station Hunter Orientation Class provided by the NRCLEO and VWM's. This class shall be provided for hunters who have completed the Hunter Education Course. The appropriate information to complete enclosures (5) through (7) must be provided. Orientation includes the required Explosive Safety Brief for all those hunting at Rodman Range. Upon completion, a Station Hunter Orientation Card will be issued. Class schedules will be posted at the Marina and on NAS\_JAX\_HUNTING website;

(e) Persons desiring an installation hunting permit shall bring their Station Hunter Orientation card to the Marina along with the applicable fee.

(f) A NASJAX Hunting Permit will be issued after completion of the requirements. All hunting permits expire on 30 June following the hunting season.

(4) Dependent minor children must be accompanied at all times by a permitted hunter who is the minor's parent or legal guardian.

(5) Military operational and/or security requirements take priority over hunting activities and hunting areas may be closed on short notice. Hunters are required to leave the affected area when directed by authorized military or civilian personnel conducting official business.

(6) No hunting is allowed within 100 yards of any building, inhabited area or recreational area, unless specifically authorized by the Environmental Department for health and safety.

(7) Hunters are authorized to use shotguns, muzzle loading guns, compound bows, long bows, and crossbows as official State of Florida hunting seasons allow at OLF Whitehouse and Rodman Range. Hunting with rifles is authorized at the Rodman Range and outside the fenced area at OLF Whitehouse as official State of Florida hunting seasons allow. Hunting with handguns is prohibited. Failure to comply will result in confiscation of weapons and permanent revocation of hunting permits.

(8) Shooting from a moving vehicle is prohibited. Attempting to take wildlife on or upon the right-of-way of any federal, state or county maintained road is prohibited. Hunting with dogs is prohibited.

(9) State Wildlife Law Enforcement Officers, by cooperative agreement, may assist the NRCLEO and VWM's in enforcing Federal, State, and Station wildlife regulations.

(10) Hunters are responsible for their own safety, damage to government property or any injury they may cause to themselves or other persons. Hunters damaging Station property shall be held financially responsible, have their hunting privileges revoked, and face possible prosecution.

(11) Hunters are allowed to "scout" up to 7 days prior to the season's opening. They must follow the normal check-in and check-out procedures.

(12) Only portable tree stands are allowed. Nails, spikes, or screws may not be used to attach stands to trees.

(13) Littering is prohibited. Trash must be removed by the hunter at conclusion of the day's hunt.

(14) Wildlife wounded or killed, either accidentally or intentionally, must be reported to the duty VWM at the Game Check Station when checking out of hunting area.

(15) Consumption of alcoholic beverages is not allowed at any time during or immediately before hunting. Failure to comply will result in permanent revocation of hunting privileges.

(16) A minimum of 500 square inches of daylight fluorescent orange material must be worn at all times when hunting except during archery, turkey, and migratory birds seasons.

(17) Hunters can check in to hunt up to one hour before sunrise. Hunters must leave hunting areas within one hour after sunset.

(18) When not hunting, all firearms shall be transported with action open, chamber empty and safety engaged.

(19) Taking or harassing of fox squirrels, bears, alligators, gopher tortoises, snakes or other non-game animals, threatened or endangered species, or species of special concern as designated by the FWC and/or the FWS, is prohibited. Anyone caught taking or harassing the above mentioned species shall have their hunting permit permanently revoked and may face prosecution.

(20) Bag limits for game animals are the same limits determined by the FWC, unless the Station Natural Resources Manager places more restrictive limits.

(21) The Station shall follow the State of Florida hunting season for the Central Florida Zone as defined by the FWC, unless otherwise specified by the Station Natural Resources Manager.

(22) A positive identification of game animals is required before firing any weapon (i.e. no practice shooting).

(23) The following restrictions and procedures apply for hunting on OLF Whitehouse:

(a) Bow and gun hunting is authorized in Areas 1 - 16 as identified on enclosure (3). These areas are posted with red and white signs. Areas 17 - 34, within the fence, are limited to archery hunting in selected compartments scheduled in advance. Military operations take priority over hunting activities and may be closed on short notice. Hunters are required to leave the affected area when directed by authorized military or civilian personnel. In the event that helicopters commence unscheduled operations at OLF Whitehouse, hunters are required to immediately cease hunting and leave the affected area.

(b) Hunters shall meet at the Main Gate for entry to OLF Whitehouse. Prior to proceeding to hunting areas, hunters will report to the Game Check Station, at Building 10 (old fire station), with their Station Hunting Permit. All weapons and ammunition must remain locked up in their vehicles in a safe condition while reporting.

(c) Hunters will be assigned in the hunting zone by the duty VWM.

(d) Hunters found in an area other than the one assigned will lose their hunting privileges for 30 days. Second time offenders will lose their hunting privileges for the remainder of the season.

(e) All hunters are required to check out when finished hunting. At OLF Whitehouse the hunter will return to the Game Check Station, sign out and report all killed or wounded game. Hunters can then exit through the automatic gate.

(24) The following restrictions and procedures apply for hunting at the Rodman Bombing Range:

(a) There are 13 hunting areas (Areas 1A through 12B) as identified in enclosure (4) with one hunter per area. All area checkpoints will be identified by an 18" x 18" white sign with black letters.

(b) Area assignments are on a first call, first served basis.

(c) All hunters will meet on hunt days at the State Road 19 gate at 0500 for morning hunts or at 1300 for afternoon hunts. Hunters must have an NASJAX Hunting Permit in their possession. Hunters will be escorted to the Game Check Station (white trailer) and assigned a hunting area. Hunters found in an area other than the one assigned will lose their hunting privileges for 30 days. Second time offenders will lose their hunting privileges for the remainder of the season.

(d) After checking in at the Game Check Station, hunters will be allowed to proceed to their assigned areas. Hunters should park their vehicles close to the checkpoint for their respective area. Hunters found hunting in an area other than the one to which they are assigned will lose their hunting privileges for 30 days. Second time offenders will lose their hunting privileges for the remainder of the season.

(e) The Duty VWM shall make a routine patrol of all areas. If a hunter wants to leave for any reason, they shall proceed to their respective checkpoint or the tower as shown on enclosure, (4) and wait for the Duty VWM to arrive.

(f) In the event of an emergency, a handheld radio shall be located in the Game Check Station to call the NRCLEO or Duty VWM if they are not in the office. All hunters should have a cellular phone in case of emergencies.

(g) At 0500 and 1300 check-ins, the Duty VWM and hunters shall agree on a schedule for the day and times and places to meet in the event a hunter wants to leave early. Only hunters desiring to leave early are required to attend those meetings.

(h) At Rodman Bomb Target Range, hunters will check out with the Duty VWM at the conclusion of the hunt. Hunters shall sign out and report all killed or wounded game.

5. Action

a. Station Natural Resources Manager shall:

(1) Oversee fishing and hunting programs on NAS Jacksonville and outlying properties;

(2) Initiate and request funding for all projects related to natural resources conservation;

(3) Ensure that monies collected for hunting activities are utilized for wildlife conservation programs on NAS Jacksonville and outlying properties via Memorandum of Understanding with NASJAX Morale, Welfare and Recreation (MWR) Department;

(4) Periodically review and update this instruction.

b. Station Natural Resources Conservation Law Enforcement Officer shall:

(1) Be responsible for enforcement of all fish and wildlife regulations, including provisions of this instruction. Call in State Wildlife Law Enforcement Officers for any violations of State and/or Federal wildlife laws. Refer violations to Station Legal Officer for appropriate action as per the Standard Operating Procedures;

(2) Cooperate and coordinate enforcement actions with NASJAX Security, other Federal and State wildlife agencies, and the Station Natural Resources Manager;

(3) Conduct routine patrols of main station and outlying properties to ensure compliance with all applicable regulations. Increased patrols may be required during hunting season;

(4) Notify NASJAX Security Dispatch of any violations and/or enforcement actions. Also notify Pinecastle Operations at (352)759-3184/2929 for enforcement actions at Rodman Bombing Range.

c. The Station Volunteer Wildlife Managers shall:

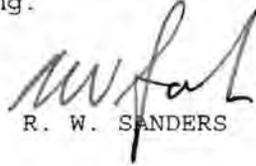

(1) Be responsible for enforcement of all the provisions of this instruction and for performing the duties outlined in enclosure (8). This includes hunting property book management responsibilities when assigned by the Station Commanding Officer or Environmental Director.

(2) Conduct routine patrols of hunting areas to ensure compliance with all applicable regulations. Notify the NRCLEO and/or State Wildlife Law Enforcement Officers of any violations of State and Federal wildlife laws.

(3) Ensure that the hunting days are included in operational schedules. Contact the appropriate Operations Office every Thursday and every day prior to hunting activity concerning military operations. For

NASJAXINST 5090.10G  
15 Jan 13

Rodman Range call Pinecastle Operations at (352)759-3184/2929. For OLF  
Whitehouse call NASJAX Air Operations at (904)542-2511. Military operational  
requirements take priority over hunting.

PRIVACY ACT STATEMENT

This Registration Document requests personal information pursuant to 5 U.S.C. 552a. The principal purpose for soliciting this information is for the issuance of a hunting permit on Naval Air Station, Jacksonville, Florida. This Registration Document will be used by the Security Detachment and the Environmental Division to assist in the issuance of a hunting permit to allow individuals to hunt in designated areas of land under the cognizance of Naval Air Station, Jacksonville, Florida. This Registration Document will be examined by reviewing authorities in the Security Detachment and the Environmental Division to determine hunting permit eligibility on the installation. Completion of this Registration Document is voluntary; however, failure to provide any of the requested information may result in the denial of your hunting permit aboard Naval Air Station, Jacksonville, Florida.

HUNTING WAIVER OF LIABILITY

I \_\_\_\_\_ in consideration of permission granted by the Department of the Navy to use the grounds of Outlying Field, Whitehouse and the Rodman Bomb Target for hunting, hereby agree for myself and my successors and assigns, by operation of the law or otherwise except as hereinafter provided, to hold harmless the Government and to assume full responsibility for and to defend and pay or otherwise settle any and all claims, demands, actions or causes of action of every nature and character whatsoever in law or equity for loss, damage, or agree to release and discharge the United States (including any department thereof), its agents and any and all its military, civilian and contract personnel, their heirs, successors, executors, administrators, or assigns for any loss or damage suffered by reason of such use.

I understand and agree that the United States Government (including any and all departments or agencies thereof) assumes no responsibility for the condition of the roads, parking areas, provided spaces or other facilities on the Station or for the security of or damage to vehicle or cargo while such vehicle is on property owned or controlled by the United States Government.

IN WITNESS WHEREOF, this agreement is executed on this \_\_\_ day of \_\_\_ 20\_\_.

I have read and understand the contents of NASJAXINST 5090.10F.

## Volunteer Wildlife Manager (VWM) Duties and Responsibilities

### 1. Volunteer Wildlife Managers

VWM's must be 21 years of age or active duty military, and have previous experience hunting on station. VWM's' status for continued duty will be reviewed annually. All VWM's shall:

a. Be familiar with state and federal game and fish laws and the station Hunting and Fishing Instruction (NASJAXINST 5090.10G). Enforcement by VWM's of state and federal laws and this instruction is limited to taking of station licenses, advising persons of laws and regulations, taking statements from witnesses, notifying the NAS Jacksonville Wildlife Law Enforcement Officer (WLEO), and ordering offenders to leave the station. If further assistance is needed, state wildlife law enforcement officers will be called. Failure of a VWM to report violations of any law, regulation or policy to the Natural Resources Manager and WLEO is considered cause for termination.

b. Attend scheduled pre-season and post-season meetings.

c. Be issued an NAS JAX Hunting Permit for themselves and dependents at no charge.

d. Be responsible to the Natural Resources Manager for carrying out duties and responsibilities as assigned. In addition to hunt duties, VWM's will assist in deer stand maintenance, clear and flag hunter paths and access roads as necessary, assist with food plots and populations surveys.

e. Carry weapons only when proceeding to or from or during an authorized station hunt.

f. Sign a Liability Waiver form and the attached Volunteer Agreement, DoD Form 2793.

g. Complete a state-approved Hunter Safety Course.

h. When in possession of a valid operator's license, be authorized to drive government vehicles and operate equipment, as duties require. VWM's will read and be familiar with the Standard Operating Procedures (SOP's), and read and sign a Job Hazard Analysis (JHA) for each piece of equipment.

### 2. Duties

VWM duties/responsibilities for hunts they are assigned include:

a. Ensure that access to hunting areas is safe and clear of trip hazards, and that hunters park POV's in proper areas. Ensure that program provided hunting stands and blinds are in good repair.

b. Ensure that hunters are properly licensed, badged and signed in, that weapons and ammunition are authorized, and that all required equipment is on hand.

- c. Check the operational schedule for each property. Review safety regulations as necessary prior to each hunt and announce sunrise and/or sunset times.
- d. Ensure that hunters depart from and return to appropriate muster points at the designated times.
- e. Verify that the hunt log is properly and completely filled out.
- f. Assist in tracking of wounded animals and determine when tracking efforts are secured.
- g. Notify the CDO and Security Dept. as soon as possible if an accident occurs. Notify the Natural Resources Manager the next working day.
- h. Ensure that assigned duty area is covered. If a VWM cannot supervise their assigned hunt, they are responsible for finding a substitute to cover the hunt. Failure to cover assigned duties may result in suspension of hunting privileges.
- i. The station CDO may secure a hunt if required for emergent safety or security issues. It is the responsibility of the duty VWM to notify hunters in the field.
