

NAVAL AIR STATION JOINT RESERVE BASE FORT WORTH ENVIRONMENTAL POLICY STATEMENT

COMMITMENT TO SUSTAINABLE OPERATIONS

It remains the policy of Naval Air Station Joint Reserve Base Fort Worth to ensure Navy and tenant commands meet their mission in an efficient and environmentally-responsible manner.

We envision our base, stakeholders, and our community meeting the mission in ways that:

- Preserve, protect, and ultimately enhance the environment and living systems that sustain our mission;
- Provide ever-greater value in meeting the real needs of our customers, stakeholders, and communities; and
- Support our economic well-being and the economic well-being of those who depend on us.

We will achieve our vision by:

- Conducting the mission in a manner that protects public and occupational health, the environment and employee and community safety;
- Making health, safety, and environmental considerations a priority in our operations;
- Treating employees, customers, suppliers, and stakeholders fairly, honestly, and with respect; and
- Designing our facilities and operation to be ever-more efficient, ever-less dependent on materials, and ever-more supportive of these approaches.

In conducting our mission operations, we are committed to:

- Providing and maintaining a safe and healthful workplace;
- Complying with all applicable environmental, health, and safety laws and regulations, including Navy base policies and procedures;
- Preventing pollution by utilizing cost-effective environmental technology and procedures and by minimizing the generation of wastes and releases of pollutants;
- Collaborating with our communities to protect and improve the environment;
- Proactively communicating our environmental successes to our stakeholders; and
- Evaluating the effectiveness of our environmental management system to ensure that established environmental objectives and targets are met.

Naval Air Station Joint Reserve Base Fort Worth is committed to continual and measurable improvement, leadership, and stewardship in protecting the environment, promoting safe work conditions, and pursuing sustainable mission practices.
