Except as modified by this instruction, hunting seasons, methods of take, and game (bag) limits shall be in accordance with regulations of the Federal Government and the State of Texas (as listed for the respective County). This program primarily exists to provide recreational opportunities to active

duty service members and disabled veterans and is administered almost entirely by volunteers who dedicate their time and effort to ensure the program's success and sustainability.

To preserve the integrity, purpose, and public perception of the installation's volunteer hunting program, it shall be formally referred to as the NAS Kingsville Hunting Program in all official correspondence, public communication, and internal documentation. The use of informal or unofficial terminology-such as "hunt club"-is strictly discouraged, as it may imply exclusivity, social membership, or recreational intent inconsistent with the program's core mission. This program exists to provide structured and equitable hunting access opportunities for active-duty service members, veterans (including disabled veterans), and authorized personnel in support of physical and mental wellness, wildlife management, and conservation. All personnel, including volunteers, Public Affairs representatives, and command staff, shall adhere to this designation in all verbal and written references to ensure alignment with the program's values."

DTM 09-012 requires that DoD installation government representatives query the National Crime Information Center (NCIC) and Terrorist Screening Database to vet the claimed identity and to determine the fitness of non-federal government and non-DoD-issued card holders (i.e. visitors) who are requesting unescorted access to a DoD installation. The minimum criteria to determine the fitness of a visitor is: 1) not on a terrorist watch list; 2) not on an DoD installation debarment list; and 3) not on a FBI National Criminal Information Center (NCIC) felony wants and warrants list. Additionally, SECNAV Memo, Policy for Sex Offender Tracking and Assignment and Access Restrictions within the Department of the Navy, of 7 Oct 08 and OPNAVINST 1752.3 established the Navy's policy on sex offenders, requiring Region Commanders (REGCOMs) and Installation Commanding Officers (COs) to prohibit sex offender access to DoN facilities and Navy owned, leased or PPV housing. This form describes the authority and purpose to collect and share the required information; and identifies the applicant/visitor and sponsor; and authorizes the DoD to perform the minimum vetting and fitness determination criteria. A favorable response on the vetting and fitness determination is required to receive access to DOD-controlled installation/facilities.
