STATEMENT

Ref: (a) OPNAVINST 5090.1E

1. Per reference (a), Naval Air Station Pensacola (NASP) recognizes environmental excellence as a principal factor in successful mission accomplishment. We have established a goal of protecting, preserving, and conserving our environment through active stewardship and advocacy for our unique natural and cultural resources. To accomplish our goal, we collectively commit to the prevention of pollution and compliance with environmental regulation and other requirements through a process of continual improvement. We will be guided in our efforts by the following principles:

- a. Incorporate environmental principles into planning, decision-making, and business practices throughout NASP.
- b. Evaluate our practices and develop objectives, targets, and programs to meet our established goals and mitigate environmental impacts.
- c. Conduct periodic management reviews to assess the achievement of our objectives and targets, and to determine the effectiveness of our environmental management system as a process for continual improvement.
- d. Communicate our environmental policy to personnel and educate them in their roles and responsibilities as stewards of the environment.
- e. Increase community awareness of our environmental programs through public outreach and events.
